STORE AND LOAD OUT

Export grade Halal raw materials sourced from Halal approved Australian abattoirs that meet our strict quality standards.
All defects are removed. Fat and silver skin is trimmed to a specified requirement.
Our process ensures that all the juices are retained so the full flavour profile of the beef is consistently delivered.
Highly trained staff physically check each individual piece for any defects.
The highest standards of hygiene and quality assurance are maintained through our fully equipped company laboratory.

Halal Meltique Beef

Is a value added beef product produced by using an innovative process that ensures consistency and an enhanced eating quality. To ensure you are buying the authentic Meltique Beef look for Hokubee Australia's 429 establishment number on all our packaging.
